PRICE 2 CENTS

Do You Think For Yourself?

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

There is an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true home medicine of **DR. PIERCE'S FAVORITE PRESCRIPTION** for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recognize the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famous medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. In such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. B. V. Pierce, Buffalo, N. Y.

YOUNG WOMAN'S BODY FOUND.

The body of Miss Jane Adams, the pretty 18-year-old daughter of Mr. and Mrs. Charles Adams, of Atlantic City, who had been missing since she spent the evening on the Million Dollar Pier, on Friday, February 4, was yesterday found in the breakers off Harrisonburg avenue, Ventnor, still clad in the finery which she donned for the evening at the pier. The police have started a country-wide search for William Siler, a young married man of Atlantic City, who was the last person seen in Miss Adams' company and who disappeared the day following the girl's disappearance. The search is also being extended to locate Arvis Siler, a younger brother of William Siler, who is also missing.

Although the face of the dead girl was badly battered by the breakers expert surgeons who examined the body found a deep hole over her left eye, which they declare was made before death. No bullet could be found in the skull and the only other explanation for the wound is that it might have been caused by her striking a sharp nail as she fell from the pier.

The tragedy promises the greatest sensation of years. The Adams girl, who had been employed in Boardwalk shops, started out with Alice, her 16-year-old sister, for a visit to the pier, after permission had been secured from their parents. Mrs. Adams knew that the younger girl was to be accompanied by Arvis Siler, and the police learned yesterday that after the girls left home with Arvis, who is just of age and unmarried, they were met by William Siler, who lived with his wife a few blocks from the Adams home.

HOPE OF CURING CANCER.

A strong hope of curing cancer, or at least greatly ameliorating the condition of cancer patients by means of inoculation, is held out in the report of Harvey R. Gaylord, director of the cancer laboratory of the state department of health at Buffalo, N. Y. This hope is based on extended experimentation during the past year in the inoculation, or vaccination of various animals, mainly rats, with the cancer virus.

Other investigations of importance conducted by the laboratory have had to do with the prevalence of many forms of cancer in fish and the possibility of infection by human beings. It has been found that cancer of the thyroid, in particular, is of frequent occurrence in fish of the trout family.

"It is a very remarkable coincidence," says the report, "that the area of the United States which includes the great concentration of human cancer cases, is almost identical with the area through which the various members of the trout family are distributed."

Statistics are given to show that cancer continues to increase. The report says that in the United States it has increased from 9 per 100,000 population, in 1850, to 43 in 1900, an average of about 65 in 1901, and an average of more than 70 in 1906.

Fifty years' experience of an Old Nurse Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for fifty years with never-failing success by millions of mothers for their children. It relieves the child from pain, cures diarrhea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Twenty-five cents a bottle.

Taft and a Second Term.

To the politicians in Washington the most important incident of the Lincoln dinner of the Republican Club at New York Saturday night was Governor Hughes' declaration that the American people, recognizing the ability and the determination of President Taft to do his full duty, should re-elect him to another term in the White House.

Politicians are not unanimous that Governor Hughes' declaration was the spontaneous impulse of the evening's enthusiasm. Governor Hughes has never impressed Washington as an enthusiast or a creature of impulse. Reports from all over the west come to Washington day by day of the organization of "Return From Elba" clubs, a happy and droll title for enthusiasts of Roosevelt men who have not yet connected with the patronage rack under the present administration.

Beyond a question, the landing of Roosevelt to be made the occasion of another Hughes' declaration Saturday night that the people of America want William Howard Taft to remain in the White House for another term is, therefore, fair notice to the Roosevelt men that the "Return From Elba" movement is by no means unanimous in the republican party.

WASHINGTON, D. C.

"Junk" Smith, because of his interests in a junk establishment there, died in Dorchester, Mass., Friday night of heart disease. It is said that the recent defeat of Mr. Smith as city sergeant in the primary election is the real cause of his death, his health falling rapidly since that time. Following his defeat, his beautiful country home near Richmond was destroyed by fire. Next his place of business was destroyed. The strange run of fate practically up to the man, and he went to Massachusetts to live with a son-in-law.

Miss Mabel R. Davis, the 17-year-old daughter of Mr. Jefferson Davis, committed suicide yesterday morning by drowning herself in the harbor off No. 2 pier, at Pratt Street Baltimore, no reason for her act is known.

Miss Minnie Miller, 18 years old, of 1523 Gough street, Baltimore is under arrest in the Eastern Police Station on charges of robbing houses. She claims to be the support of six minor brothers and sisters, two of whom are also under arrest.

The report of the Department of Agriculture shows the United States to be the largest consumer of coffee, while England prefers tea.

Nasal Catarrh, an inflammation of the delicate membrane lining the air-passages, is not cured by any mixture taken into the stomach. Don't waste time on them. Take Ely's Cream Balm through the nostrils, so that the fevered, swollen tissues are reached at once. It never mind how long you have suffered nor how often you have been disappointed, we know Ely's Cream Balm is the remedy you should use. All druggists, 50c. Mailed by Ely Bros., 56 Warren Street, New York.

"ATTENTION"

Come give us your attention, for its good advice we are giving. High prices now are eating up all that goes into your living. So stretch our dimes and quarters and to the CAMERON'S come. For we've figured down the price of food to its lowest minimum.

We don't think you can go anywhere in this city and spend a nickel, dime or quarter and get a larger volume of satisfaction.
